

Imagine Update

April 2007

Thank you for your continued sacrificial giving as both the general fund and the Imagine campaign are doing well. In fact we are pleased to announce that Imagine Commitments received to date now total \$5,011,977!

We are aware that we have been a bit quiet over the past few months regarding our updates. The reason for this was to make certain we were fully prepared for the next *communications* step. We have a number of members who also work for the City, CSUF, one of the other local colleges, and/or are one of our residential neighbors. So, we needed to have everything ready to communicate in all of these areas at the same time. We didn't want to get ahead of ourselves or leave anyone behind regarding our communications effort. If we had not done this, we would have risked information getting sent out incomplete or incorrect. With that said, our highest goal through this process has been to improve our facility in a manner that glorifies God, serves our community and is a blessing to our congregation.

We are now entering a phase of the project where new updates will be made about every three weeks or so. Our next Imagine update will include a fly through presentation and show what our campus will look like when our master plan is completed. We will have some before and after pictures and other new information, so stay tuned!

FOR NOW... We would really like to involve all of you in this process by beginning a "*Partnership in Prayer.*" Prayer cards will be made available every three weeks or so to let you know where we would appreciate your prayer support.

Prayer Requests
